6. [redacted] Met with Mr. W. H. Boone, Chief Technical Consultant, and Richard P. Hines, Staff Consultant of the House Science and Astronautics Committee, and reviewed with them the request of Representative Ken Hechler, Chairman of the Subcommittee on Advanced Research and Technology, for a briefing of the Subcommittee on Soviet nuclear propulsion and the Soviet missile and space vehicle test complex. After reviewing the matter, Mr. Boone talked with Representative Hechler by telephone and advised him that due to classification considerations, he felt that Chairman Miller might well withdraw his approval on review. With some reluctance, Mr. Hechler withdrew the request for Agency participation in the briefing tomorrow morning.
